Headboard Assembly

1. If possible, go to this site for photo slides of assembly [HTTP://NOMADFURNITURE.COM/BED-ASSEMBLY-GALLERY/](http://NOMADFURNITURE.COM/BED-ASSEMBLY-GALLERY/)
2. Identify all pieces before beginning. Lay out parts as shown in diagram.

Note: To protect the wood only use a hammer with the wood block (in shipping box as a pad) to tap down parts. Or a rubber

3. Attach all crosspieces to one leg, then attach to the other leg.
4. Assemble headboard and footboard. For footboard USE LOWER PINS for crosspiece.

Note: When attaching crosspieces to shoulder screws on legs; the top shoulder screw should be located in the center of the crosspiece. Refer to our "CAUTION SHEET".

5. Install four 5/8" shoulder screws into predrilled holes on the headboard and footboard crosspieces.
6. Tap down on crosspieces using rubber mallet to make sure joints are snug.
7. Attach headboard to footboard using the two side rails (ledger).
8. Attach the center support rail (it will be tight).
9. Tap down rails until snug.

Note: It is important that all joints are tapped down completely.

10. Install four 5/16"x1" wood pins in holes in the side rail ledgers.
11. Lay out slat roll, strap up, so that end slats overlap wood pins.

Important: Screw center slat tight to the side rail ledger using two 1" screws.
